

**GURUKUL  
SCHOOL**  
DHAMNOD

be the  
change

[www.gurukulschool.org](http://www.gurukulschool.org)

***Gurukul is the realised dream of a young boy who set out to transform the traditional approach to nurturing bright, innocent and energetic minds.***

## OUR ORIGIN

**Rising Sun in the twenty-first century is redefining education with modern technology and progressive ideas. Since its establishment in 2003, the Institution has built a strong value-based foundation and remains committed to preparing young learners for a rapidly advancing world. We believe that cultural heritage and a high-tech future must progress together—an approach made possible through the Management's clear vision and strong support.**

**Gurukul School is the fulfilment of a long-cherished childhood dream. It welcomes children into a warm, home-like environment. We believe a school is “a place to learn, unlearn, relearn, forgive, and try again—without fear,” keeping the child at the centre of all our efforts.**

**Our steady growth stems from focused and thoughtful policies. Students here move beyond traditional teaching methods, gain exposure to the future, and develop the confidence to meet challenges while staying rooted in their culture. Gurukul continues to excel across academics, culture, sports and more.**

**What truly sets Gurukul apart is its founding purpose: offering world-class education and a nurturing environment to talented children from village and rural communities.**

## Chairman's Welcome

As Gurukul School embarks on its journey, his unwavering commitment to both School and community echoes the timeless values of kindness and consideration, reminding us that, “The greatest wealth is a generous heart.”

In the story of Gurukul School, Dhamnod, Mr. Narsingh Bhandari, serving as its Chairman, embodies the essence of his late father's legacy, Mr. Radhakrishna Bhandari, the revered founder. As the eldest son, he not only leads the school but also upholds the family's heartfelt commitment to charity and community service.

At the forefront of *Gurukul School* in Dhamnod, where his younger brothers, Mr. Prahallad Bhandari and Mr. Vallabh Bhandari, look up to him, he shines as a source of guidance, mentorship, and compassion, reflecting his role within the family and the community. Much like his father. His legacy revolves around the belief that true success lies not just in personal achievements but also in extending a helping hand to those in need.

In the spirit of Mr. Radhakrishna Bhandari's words, “Strength is found in unity,” Mr. Narsingh Bhandari adeptly balances his roles as a

guardian of his family and a compassionate servant of the community, ensuring that the radiance of his father's legacy continues to shine brightly.

We take pride not only in our academic achievements but also in the strong culture of discipline, integrity, collaboration, and respect that defines our school community. Our state-of-the-art facilities, activity-based learning spaces, and comprehensive co-curricular programs ensure that every child receives balanced and meaningful education. Our vision has always been to create an environment where education is not confined to textbooks but becomes a joyful and meaningful experience. We continuously upgrade our infrastructure, teaching methodologies, and learning spaces to provide students with opportunities to explore, experiment, and excel.

**Mr. Narsingh Bhandari,**  
**Chairman**

# OUR VISION

Our vision is to bring out a reversal in traditional approach of educating young, innocent and energetic minds and provide them ample opportunities of the learning to learn, to unlearn, to relearn, to forget, to forgive and to do and re-do all without fear.

This will inspire students to have access to lifelong learning. They will get momentum to fight with the challenges and prepare themselves as good citizens to be competent without losing affection for their own culture and motherland.

**The upbringing of a child  
is a divine responsibility.**

## OUR ETHOS

Our mission is to create and sustain an ethical educational ecosystem that nurtures talent, creativity, innovation, and collaboration. We aim to empower students to think independently, act responsibly, and make value-based decisions—both individually and collectively.

Through this, we foster sensitivity to others' well-being, a deep understanding of the world, and a strong commitment to values, while providing quality education to children from Dhamnod and surrounding areas.

## CEO's Welcome

Gurukul, as a school, accepts challenges and is committed to develop the talents with a concern to materialize the dream.

...We'll start our school Vishnu! Yes and take revenge on teachers.....scold them as they scolded us.. shout at them. Oh!...yes!.....and shoot them with why's for every an.. any, this or that as our Principal does!.....Gosh it will be exciting to make them stay out of our cabin and show we're busy..... As they keep us out of the class room..... How funny a..... an... And enjoying will it be to see the changing colours of their faces.!

This is an excerpt of a talk between two children studying in lower standard that inspired me to take favour of children and establish such a school where no child brain cherish such a horrible dream....and plan to take revenge on teachers... harass the Principal..... disappoint the parents....

and repent life long .... where children are not sent but they come willingly .....

After an exhausting work out Gurukul appeared. Now it is in the hands of a devoted team of multi fold experts, I am proud to mention which has been proving its heights by providing excellence in academics, sports and other domains.

Gurukul has become a brand name and been recognized far and wide but for us its not the destination just a step and yet miles to go...

Get ready!

**Mr. Prahallad Bhandari**  
CEO, Gurukul School

## Director's Welcome

At Gurukul, we don't just educate minds—we ignite futures. We nurture curiosity, inspire independent thinking, and equip every child with the values, skills, and confidence needed to shape a world that is constantly evolving.

At Gurukul School Dhamnod, we believe that education is not merely the acquisition of knowledge but the awakening of curiosity, creativity, and character. Our endeavour is to nurture young minds into responsible, confident, and compassionate individuals who can meet the challenges of a rapidly changing world with wisdom and courage.

As we stride forward with a futuristic approach, our focus remains on equipping students with 21st-century skills — critical thinking, communication, collaboration, and creativity — while keeping them rooted in the timeless values of discipline, respect, and integrity.

We are committed to providing a dynamic learning environment

where academic excellence goes hand in hand with co-curricular enrichment, technological advancement, and personal growth. Our dedicated team of educators, modern infrastructure, and value-based ethos ensure that every child at Gurukul discovers the best version of themselves.

I take immense pride in our students' achievements and am deeply grateful to the parents for their constant faith and cooperation. Together, we continue to build a learning community that inspires excellence and celebrates every child's journey.

**Mr. Dhwanjandani Bhandari**  
Director

## Director Academics Welcome

Yesterday is but a vision, & tomorrow is only a dream. But today well lived makes yesterday a dream of happiness, and every tomorrow a dream of hope.

India is striving to build a society of committed and responsible citizens who can shoulder the task of building a strong and prosperous country.

Education has always played an important role in shaping the destinies of a nation throughout the ages. The challenges before us is to develop the individual and to link education to the social upliftment and national development within a highly competitive global scenario. Therefore our present educational system has to keep pace with global technological advances.

The children from rural surroundings are full of potential and possibilities. The sole aim of the school is to provide modern education to them. It would be naively a sheer waste of time by adding just one more school to the number of schools available in the area, but to prove that, we are on the right way to develop an intellectually

capable, emotionally stable, socially sensitive and morally vibrant generation.

It is the schools which shape the destiny of nations. They are responsible for moulding an ideal society and laying foundation of a happy family. Therefore have great faith in the schools.

Gurukul, I am proud to mention, has won the faith of the society and is aware that how much it takes to be devoted and hard working to keep this faith intact.

I pray that may God bless the school to attain the heights of abiding glory without diverting from its social commitments and continue to prove that Gurukul is the one and only prestigious school of Nimar.

**Mr. A. L. Mujumdar**  
Director Academics

## Principal's Welcome

Education rooted in values creates leaders rooted in purpose. When learning is guided by integrity, empathy, and responsibility, students grow into individuals who lead with vision, strength, and a deep sense of commitment to society.

With the advancement of communication facilities and multimedia the world has become a global village and education has become an international enterprise. Hence the responsibility lies on the shoulders of educators and educationist to prepare global citizens who are rational in thoughts, believe in multi-culturalism and to face challenges of future.

Apart from this, education has prime responsibility of making the citizens who care for Mother Earth too. To impart such education we need school which can promote the children to attain perfection in studies, promote international brotherhood and peace.

Gurukul is one such school which lays stress on all round development of child and prepares him to face challenges of future. The school with its infrastructure, well qualified, experienced faculty committed to keep

promises has made its mark within a short span of time. I believe that each child has an immense potential and we just need to identify and develop it. The very concept of education at Gurukul is that every child is talented and capable of learning. The school provides them wide variety of opportunities in both the Scholastic and Co-scholastic areas to unveil the potential of every child and develop it into blooming flower.

Gurukul is striving to attain the same noble goal. Apart from quality education Gurukul provides equal opportunities for co-curricular activities as well. The teachers at Gurukul are committed and dedicated to their profession and I am sure that the team efforts will certainly attain new heights of excellence in the field of education.

# Holistic Excellence

## Parent Awareness: NEP 2020 in Practice

Parents are sensitised through orientations, workshops, and open forums regarding: Stage-wise learning approach (Foundational – Preparatory –Middle –Secondary)

## Pre-School

*(Pre School age between 3 to 6 year old)*

Foundational Learners (Class I & II, between 6 to 8 year old) Early literacy, numeracy, motor skills, socio-emotional development, culture-based learning, and joyful experiential education.

## Preparatory Learners

*(Classes III to V)(between 8 to 11 year old)*

Building strong academic foundations, introducing multi disciplinary learning, encouraging curiosity, and strengthening Indian values through stories, traditions, and celebrations.

## Middle-Stage Learners

*(Classes VI to VIII)(between 11 to 14 year old)*

Conceptual understanding, subject enrichment, skill development, leadership, communication, project-based learning, and exposure to arts, sports, and technology.

## Secondary Learners

*(Classes IX to X)(between 14 to 15 year old)*

Competency-based education, career awareness, advanced projects, discipline, character building, values-based decision making, and readiness for senior-level academics.

## Senior Secondary Learners

*(Classes XI & XII) (between 17 to 18 year old)*

Critical thinking, career preparation, research, internships, communication skills, ethics, and leadership. Students are mentored to become confident, responsible, and culturally rooted young adults.

Gurukul School  
fosters an  
educational  
ecosystem where  
values, pedagogy,  
and practices unite  
to shape  
academically  
strong, culturally  
rooted, and  
emotionally  
resilient learners.

Where Every Step  
Sparks Wonder

# Pre-Primary

The Children, between 3 to 5 years need a special care at school and training to be an independent learner in the coming years. We have a team of “Montessori Trained” teachers who know how to nurture these saplings to be a fully grown-up tree.

The school has a garden at front, a sandpit, slides, ladders, swing and see-saw. The children have a toy room to forget everything of the outside world.

## AT PRE-PRIMARY LEVEL

- The child is exposed to an environment in which he enjoys learning. He develops fine motor skills through a variety of planned activities and exercises preparatory to formal writing.
- Simultaneously, the child is encouraged to develop confidence through oral expression and develop individual creativity.
- The emphasis is on the developing oral skills as a pre-requisite to writing skills in learning languages and comprehending number system along with the basic arithmetical operations.
- The parents receive a detailed report about the performance of child twice in the academic year. School emphasizes on the expected learning outcomes suggested by eminent educationists and advocated by CBSE.

The school unveils  
a beautiful  
wonderland of  
dreams, giving its  
tiny tots a joyful  
space to imagine  
freely, learn  
playfully, and grow  
with wonder.

# Primary Level

Primary school children naturally develop a range of skills by observing the world around them. These skills are purposefully strengthened through structured activities, creative assignments, and engaging homework, following the principles of learning from the known to the unknown, concrete to abstract, and local to global.

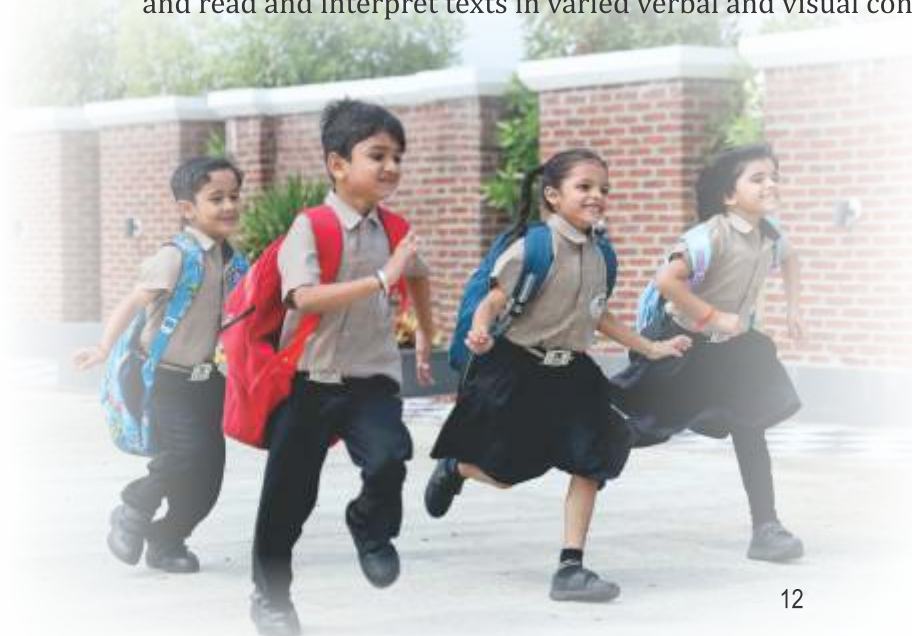

Children develop listening, speaking, reading, writing, and thinking skills in an integrated manner. They enhance interpersonal communication and learn to express their ideas clearly and meaningfully, both orally and in writing.

Students understand and follow instructions, use polite forms of expression, and respond appropriately. Through print and digital resources, they build vocabulary, comprehend sentence structures, and read and interpret texts in varied verbal and visual contexts.

Growing Minds,  
Growing Awareness

Gurukul  
empowers  
children with life  
skills that help  
them live fully,  
lead wisely, and  
grow purposefully.

**Building Confidence  
and Character**

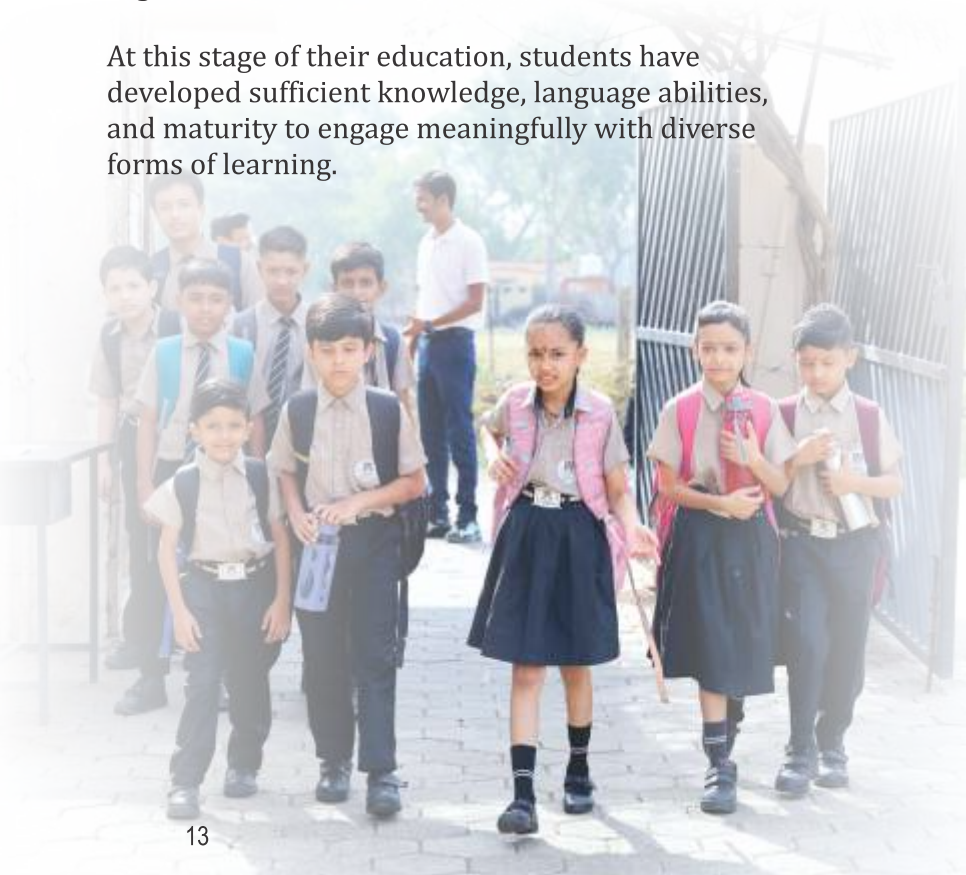

## Middle School

The qualities of regularity, cleanliness, service-mindedness, and teamwork are absorbed by students naturally through the environment the school provides. Therefore, it is essential that these values are consistently reflected in the way the school's activities and physical surroundings are planned, organized, and maintained.

At this stage of their education, students have developed sufficient knowledge, language abilities, and maturity to engage meaningfully with diverse forms of learning.

At Gurukul  
School, young  
minds explore  
endless  
possibilities..

Dream boldly,  
learn bravely, lead kindly

# Higher Secondary

Adolescence is a period in an individual's life that is marked by personal social and emotional crises created due to the demands of modification required in family, peer group and school situations.

Efforts should be made for promoting innovations, both of micro and macro levels in the areas of curriculum, pedagogy, teacher education and assessment and evaluation. The management and the administration employ a host of innovating technologies to aid in delivering an optimal experience to students.

With the objective of preparing children for the complexities of our present-day society. Where technology is a significant part of everyday life.

Gurukul implements the best in every aspect of the classroom and campus experience. Rapidly evolving global economies and industries demand relevant skills from young graduates. Using technical skills but also enriches their overall learning experience.

Gurukul ensures  
that higher  
secondary students  
gain meaningful  
hands-on exposure  
and experiential  
learning  
opportunities.

# Enabling Learning Environments

Gurukul offers modern, student-friendly facilities that create a safe, inspiring, and enriching learning environment. Thoughtfully designed spaces, well-maintained infrastructure, and access to academic, technological, and co-curricular resources support all-round development and meaningful learning experiences.

## Library

The well-stocked school library is a vibrant hub of learning for students. With a wide collection of books, encyclopaedias, CDs, pictorial resources, newspapers, and magazines covering diverse subjects, the library enriches classroom learning. CBSE reference and practice materials are readily available, encouraging students to stay informed and develop strong reading habits from an early age.

## Computer Lab

The modern computer lab provides students with hands-on access to computers and the internet, enabling them to explore, experiment, and expand their digital skills.

Each visit offers opportunities to enhance technological competence and satisfy curiosity through guided learning and exploration.

## Science and Mathematics Laboratories

The school's well-equipped science and mathematics laboratories offer students the opportunity to conduct experiments and apply concepts independently. At Gurukul, we strongly believe in the philosophy of *learning by doing*, fostering curiosity, critical thinking, and practical understanding.

At Gurukul facilities go beyond buildings to nurture minds and aspirations.

## Beyond Academics

Co-curricular activities at Gurukul are thoughtfully designed to nurture creativity, talent, and holistic development. Students engage in creative pursuits such as drawing, painting, clay modelling, and design, encouraging artistic expression and imagination. The school proudly celebrates cultural and national festivals across all traditions, fostering the values of secularism, unity, and democratic spirit.

Recognising that every child possesses unique abilities, Gurukul regularly organises a wide range of activities including acting, singing, dancing, group discussions, elocution, debates, and poetry recitations, promoting confidence, collaboration, and self-expression.

Education flourishes when the child is placed at the centre, and learning is shaped around curiosity, individuality, and holistic growth.

## Smart Classrooms

Our classrooms are thoughtfully designed to inspire young minds and enhance learning. Equipped with modern electronic boards, teachers bring lessons to life through interactive and engaging teaching methods.

The primary classrooms are bright, cheerful, and welcoming, featuring well-decorated spaces and adorable, child-friendly benches that create a joyful learning environment. Every detail is crafted to make children feel comfortable, curious, and excited to learn, ensuring that the classroom becomes a place where imagination, understanding, and confidence grow naturally.

# Eminent Guests in the Campus

Padma Shri awardee (2023) **Hemant Chauhan**, renowned Indian writer and singer associated with Gujarati literature and music, visited & performed at Gurukul School, Dhamnod.

Play Back Singer **Nitin Mukesh**, visited Gurukul School, Dhamnod.

Sports Arena

At Gurukul  
commitment  
meets  
performance  
as champions  
are shaped  
through  
discipline,  
teamwork &  
perseverance.

# Centers of Excellence

## R K GALAXY CENTRE

The spacious RK Galaxy at Gurukul, inaugurated in 2019, can comfortably accommodate up to 3,000 spectators. Designed to meet the highest standards of performing arts, it features world-class acoustics, advanced lighting, and air cooling systems, ensuring every performance is enjoyed to the fullest. Unique in the Nimar region, the auditorium allows concerts-be it orchestra, band, or chorus-to showcase the richness of natural, unamplified sound, delivering perfect clarity, reverberation, and acoustical harmony.

## RECORDING ROOM

The school's modern Recording Room is equipped with professional audio tools to support speeches, podcasts, songs, and media projects, helping students build confidence, communication skills, and creativity.

## SWIMMING POOL

A semi-Olympic size swimming pool at Gurukul offers students the opportunity to learn and excel in swimming. Certified coaches guide every session, and strict safety measures are in place to ensure a secure and healthy sporting experience.

### **RATNESH ARENA**

The school turf offers a safe, modern space for sports and outdoor activities, promoting fitness, teamwork, and an active lifestyle among students.

### **RATNESH CONVENTION CENTRE**

The Conference Room at Gurukul is a modern, well-equipped space for meetings, discussions, and presentations, fostering collaboration, communication, and teamwork.

### **RO WATER PLANT**

The school's RO Water Plant ensures safe, clean, and purified drinking water, promoting the health and well-being of all students and staff.

### **WHOLESOME MEALS FOR GROWING MINDS**

Our **MESS FACILITY** provides freshly prepared, nutritious, and hygienic meals in a clean and comfortable environment. Special care is taken to ensure balanced nutrition, quality ingredients, and proper food safety standards, supporting the health, energy, and well-being of our students every day.

### **KINDERGARTEN PLAY ZONE**

The Kindergarten at Gurukul offers a joyful, play-based learning environment that nurtures curiosity and confidence. Guided by experienced Montessori teachers, children develop essential language, numeracy, motor, and social skills through engaging, holistic learning experiences.

## Explore • Learn • Grow

We organize outings and excursions at regular intervals which serves many ways to end boredom of daily routine and develop the spirit to oneness, train the children to live in a group and collect the first hand information.

# HERITAGE OF *Excellence*

## GURUKUL ALUMNI

Over the years, Gurukul School Dhamnod has built a strong reputation for academic excellence, values-based education, and holistic development. This legacy is most powerfully reflected in the outstanding achievements of our alumni, who continue to make meaningful contributions across India and around the world.

With an inspiring alumni base of over more than

**1200 graduates,** Gurukul stands today as a nurturing ground for future leaders, innovators, and responsible global citizens.

A significant number of our alumni have gone on to pursue distinguished careers in highly competitive and respected domains. Gurukul proudly celebrates:

### **200+ Doctors and Engineers**

who are serving in renowned hospitals, research centres, universities, and international technology organisations. Their achievements reflect the school's strong academic foundation in science and mathematics, as well as the emphasis on analytical thinking and problem-solving.

### **100+ Chartered Accountants,**

many of whom have secured positions in top firms, corporate houses, and financial institutions.

**Our alumni are  
not just our strength  
-they are our legacy.**

Among them,

**Mukund Agiwal  
(Batch 2021)**

achieved an extraordinary feat by securing

**All India Rank 1 in  
the CA Final**

Examination,  
bringing immense pride to  
the entire Gurukul family.

Beyond these professional accomplishments, numerous alumni have excelled in **Defence Services, Civil Services, Research, Entrepreneurship, Sports, and Creative Arts.** Their journeys highlight not only academic excellence but also the values of leadership, resilience, and integrity deeply embedded in the Gurukul ethos.

What truly distinguishes the Gurukul alumni community is their unwavering connection to the institution. Whether through mentorship, guidance, or participation in school initiatives, they continue to inspire and support current students. This enduring bond reinforces the belief that once a student enters Gurukul, they become a Gurukulian for Life.

The collective achievements of our alumni stand as a living testament to the school's mission—educating young minds with a blend of knowledge, character-building, and 21st-century skills. Their success stories motivate every learner at Gurukul to dream fearlessly, work tirelessly, and contribute meaningfully to society.

### **Gurukul School Dhamnod Achieves Top Position in the Field of Education.**

Gurukul School, Dhamnod has achieved another significant milestone in the field of education. The school has been ranked #1 in the category of co-educational day schools in Dhamnod and Dhar district under the Education World India School Rankings 2025-26. Established in 2003, this institution is committed to strengthening fundamental concepts among students while developing a rich value system of Indian culture, preparing them in line with the demands of the modern era.

The rapid success of Gurukul School in the field of education is due to its well-organized policies. Under the guidance of experienced and qualified teachers, students excel not only academically but Co-curricular activities in the region. Since its establishment, the school management has been providing numerous modern facilities for students every year, which help offer a comprehensive education. These prominently include a state-of-the-art auditorium with a capacity of 3,000 spectators.
